17th Annual Design Build

The HBC 17th Annual Design / Build Competition is right around the corner!! The event will be held at the 27th Annual Youth Expo at the Orange County Fair & Exposition Center, Costa Mesa on April 8-9, 2006. The competition, which promotes career awareness in the construction industry, will include 15 teams and over 300 students participating in the exciting two-day program.

The HBC Build competition representing high schools, ROPs, Youth Build Programs, and community colleges throughout Southern California will compete in the two day event. Teams are challenged to construct a 6' x 8' structure; either a playhouse, snack shack or yard storage barn by the end of the program on Sunday. Teams are given plans to their structures upon arrival Saturday morning and are judged by volunteer city inspectors from the City of Costa Mesa, Newport Beach, and Downey on such criteria as code compliance, effective use of materials, teamwork and safety.
